

Snap in Blanking Plate

No.: 60540

Ideal for use with a our range of snap in audio/video face plates!

Description

- Pack of two blanking plates
- Dimensions: 25 x 50mm
- Colour: White
- For use with our range of Modular AV Face Plates
- 2 year warranty

These snap in blanking plates are designed to be used with the LINDY Modular AV Extender Wall Plate System which employs Balun technology to extend a combination of audio and video signals over low cost Cat5e/6 cable.

Choose from a range of snap in modules, including VGA, RCA/Phono and S-Video modules including face plates, back boxes and bulk cable for a total extender solution.

The blank plates may be customised by fitting your own adapter or connector.
