

## Single Display Fixed Wall Mount

No.: 40970

Securely mount a single display to a wall

### Description

- Mounts a single 32" – 55" display to a brick or stud wall
- Premium quality heavy-duty design for securely mounting LFDs
- Integrated spirit level for ensuring perfect alignment
- Anti-theft design allows for padlocks to be secured to the mount (not supplied)
- 2 year warranty

The Lindy Single Display Fixed Wall Mount is a high quality, secure solution for mounting a single display with fixed configuration to a brick or stud wall. The mounts low-profile, slim design provides a flush fit of the display to the surface, ensuring an aesthetically pleasing setup in residential or professional AV installations. The display is easily adjusted horizontally, or vertically using the VESA mounting holes, to provide the most comfortable viewing experience. Perfect alignment can be assured using the built-in spirit level on the mount itself.

Supporting LFDs (Large Format Displays) with VESA sizes from 200x200mm to 400x400mm, this bracket provides secure mounting of larger LED, OLED and older plasma displays up to 55". The heavy-duty steel structure ensures heavier displays up to 50kg [110.23lb] are supported. The display can be secured with the stands anti-theft design, which allows a padlock (not included) to protect against easy removal of the setup. This provides the ideal secure solution for use in installations within public spaces in the retail or hospitality sectors, such as hotels, holiday rentals or technology showrooms.

Please note: Please confirm this solution can support the display's VESA mounting dimensions and weight before ordering

### Technical details
