

Productname: camRade wetSuit AU-EVA1
SKU: CAM-WS-AU-EVA1
EAN/UCC: 8718591672743

Resistant against:

Description

The camRade wetSuit AU-EVA1 is a flexible water-resistant rain cover, made of black soft fabric, that protects your camera against the elements. It also covers the viewfinder, microphone and other accessories supplied with the camera.

The rain cover is designed specifically for the Panasonic AU-EVA1 cinema camera. The near silent fabric minimalizes unwanted sound effects caused by wind and rain and reduces the chance of the camera overheating by allowing hot air to escape via the openings in the cover.

The wetSuit has clear vinyl windows for visibility when adjusting the menu, audio input select level or other controls. The cover can be closed off on the bottom with zippers and can therefore be partly opened up for attachment to a tripod. The viewfinder monitor is completely covered by the fabric and a vinyl window, so no water will come into the suit during use.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storing and transportation of the cover when not in active use.
