

MK48

Black with Blue Pill Inside

MK48 has 48 NKK buttons and you can configure them just the way you like. The MK48 is suitable module to build your Mega Panel. The OLED displays can be configured to exactly what you would like it to say.

MK48 can be used as modular component of the Mega Panel system or can work as standalone control surface.

SKAARHOJ Universal Controllers supports more than 120 different devices, and counting! Check out our website's "Device Core" section, to see what can be controlled at <https://www.skaarhoj.com/support/device-cores>. The flexible User Configuration makes it possible to assign and add the functionality you need from the controller. All controllers are IP-based, and can have Remote Control with PoE. All SKAARHOJ products are designed and built in Denmark.
